 - Matt Johnson (Lead Coach & Data Protection Contact)
 - Felicity Johnson (Secretary/Operational Support)
 - Emily Pianu (Membership & Governance Director, where required)

-

6. Third-Party Processors

The Club uses trusted third-party services that process personal data on its behalf:

- Johonbu (membership management system)
- Google Workspace (document storage & communications)
- Mailgun / Mailchimp (email communications)
- Twilio (SMS communications)
- WhatsApp / Facebook (optional group communications, with consent)
- Stripe / GoCardless (payment providers, where applicable)
- SportData, SmoothComp, Kihapp, and other competition platforms (Competitors Only)

All third parties are expected to comply with GDPR and maintain appropriate security standards

WhatsApp is used by the Club solely as an optional broadcast/update channel (e.g. training reminders, cancellations). No records are stored, and no data is processed through WhatsApp beyond routine communications. For under-18

members, explicit parental consent is required, and alternatives (email/SMS) are always available. Only Club staff act as administrators, and groups are for updates and community, not storage of data. We cannot guarantee parents will not post information relating to their own children.

7. Lawful Bases for Processing

The Club processes personal data under the following lawful bases:

- **Contract** – to provide martial arts training, membership services, gradings, competitions, and communications.
 - **Statutory & Regulatory Obligations** – safeguarding, health & safety, financial reporting, accident/incident recording.
 - **Consent** – for photography, videos, marketing, and participation in communication platforms such as WhatsApp/Facebook.
 - **Legitimate/Operational Interests** – day-to-day club administration, member communications, and governance.
 - Where the Club processes special category data (e.g. health, ethnicity, SEN, LGBTQIA+ information), this is done under Article 9(2) of UK GDPR, primarily for EDI purposes, safeguarding, health and safety, or with explicit consent
 - **Article 9(2)(c) - Vital Interests** We may share information with third parties we deem appropriate in the event of an emergency, for example paramedics, medics at competitions or partners/personnel we reasonably deem require information in the explicit interests of safety and safeguarding
-

8. Data Retention

- General membership, attendance, and operational records: **6 years** after membership ends.
 - Records relating to children: retained until the individual turns **24 years old** (18 + 6 years statutory requirement).
 - Financial records: **6 years** (to meet HMRC requirements).
 - Safeguarding and accident records: retained in line with statutory obligations (minimum 25 years if required).
 - Photos and videos (multimedia content): retained until consent is withdrawn or operational use is no longer required (e.g. where stock imagery, reflective posting, or record-keeping purposes have expired)
 - Competition results are retained indefinitely in line with legitimate interests as part of the Club's historic archive and performance tracking, limited strictly to essential details (name, category, ruleset, and result).
-

9. Data Sharing

The Club will only share personal data where necessary for lawful purposes, such as:

- With BMABA, insurers, or safeguarding bodies.
With regulatory/statutory authorities if required by law.
- With approved third-party processors as outlined in Section 6.
- For legitimate operational need, for example competition entries or seminar/squad training registrations

Where possible, Data Processing Agreements (DPAs) are maintained with third-party providers to ensure GDPR compliance. In cases where this is not feasible (for example, with competition entry platforms such as SportData, SmoothComp, or Kihapp), the Club will only share the minimum data required for lawful participation (e.g. name, weight, age/grade, and competition category) and will notify members/parents accordingly. The Club continuously reviews third-party providers for GDPR compliance and security standards.

Where information must be shared with third parties for the purposes of competitions or training opportunities, parents will be proactively informed.

Personal data will **never be sold** to third parties.

10. Data Security

- All digital systems are password-protected with restricted access.
- Paper records (if any) are stored securely.
- Data is only accessed by authorised individuals for legitimate purposes.
- In the event of a suspected data breach, procedures will be followed as outlined below.

11. Data Breach Management

- The **Club Management/Board** is responsible for investigating and reporting any personal data breaches.
- Serious breaches will be reported to the ICO within **72 hours**.
- Where there is a high risk to individuals, affected members will be informed promptly and advised on steps they can take.
- All breaches, regardless of severity, will be documented in the Club's internal breach log.
